

Benedek Dankó

Research and Work Experience

- 2020-05 - : Graduate researcher, Semmelweis University, 1st Department of Pathology and Experimental Cancer Research, Computational Biology Group. Bioinformatics work, analysis of MDS datasets.
- 2019-08 – 2020-05: Graduate researcher, Semmelweis University, 2nd Department of Internal Medicine, Endocrine Genetics Laboratory. NGS data analysis of the human RCCX copy-number variation.
- 2018-09 – 2019-06: Undergraduate researcher, University of Szeged, Department of Medical Biology, Genomics & Gene Technology Group. Transcriptomic analysis of Vaccinia virus with long-read sequencing.
- 2017-07 – 2017-08: Summer intern, Bay Zoltán Nonprofit Ltd. for Applied Research, Department of Applied Microbiology. Wet lab work with sulphate-reducing bacteria.

Education and Exchange Programs

- 2019-09 – 2021-06: Biology MSc, Bioinformatics specialization, Eötvös Lóránd University, Budapest
- 2017-09 – 2018-01: ERASMUS+ Scholarship, Biochemistry BSc, Universidade do Porto, Porto, Portugal
- 2015-09 – 2019-06: Biology BSc, Cellular- and Molecular Biology specialization, University of Szeged, Szeged

Honors, Awards and Fellowships

- 2019-06: Scientific Students' Conference Essay, I. Prize
- 2018-11-16: Scientific Students' Conference, Szeged, III. Prize

Other

- 2018-06 – 2018-07: AIESEC volunteer, Lisbon, Portugal
